Strong, powerful, easy to operate shrink gun

Our improved systems are stronger, more powerful, easy to operate and comfortable to handle, economical, reliable and safe. The nozzle is protected by an integral heat shield and the propane gas (LPG) flow helps keep the burner cool. The shrink guns are available to buy as single units.

Pacmasta PSG-32 Benefits

Using the new Pacmasta PSG-32 Shrink Gun in conjunction with shrink polythene pallet covers, pallet bags, polythene sheeting, shrink films – you will achieve a fast, cost effective and highly protective method of despatching your goods to ensure that they arrive at their destination in the same condition that you have taken care to see them leave your own premises in!

- Ease of use
- Improved Load Stability
- Weather Protection
- Outside Storage
- Identifiable Contents
- Dust Protection
- Pilferage Deterrent
- Incredible Versatility
