

Packaging Tape

- ❖ A premium packaging tape with a Biaxially Orientated Polypropylene (BOPP) film coated with a natural rubber-based adhesive
- ❖ It has a quiet release and easy unwind, making it ideal for use in automatic carton sealing machines
- ❖ Hot melt has a fast-drying adhesive, so it is recommended for applying and sticking quickly to cartons, but not ideal for long term storage.

PRODUCT SPECIFICATIONS

Total Thickness:	0.047MM
Adhesion Strength:	4.7N/CM
Tensile Strength:	48 N/CM
Elongation at Break:	130% - 180%
Application Temperature Range:	10°C to 50°C
Service Temperature Range:	-20°C to 60°C
